AT FONDREN CHURCH

“We will tell the next generation...”
Psalms 78:4

Growing Up is an invitation to help us do two things at a higher level:

1. Establish appealing environments for our children.
2. Partner with parents to be a consistent, faithful presence in their child's life each week.

As we grow up and our children grow up, we have an urgent need to quickly renovate the remaining portion of our 3rd floor! This is the final frontier and when this is complete, every square foot of our building will be in use!

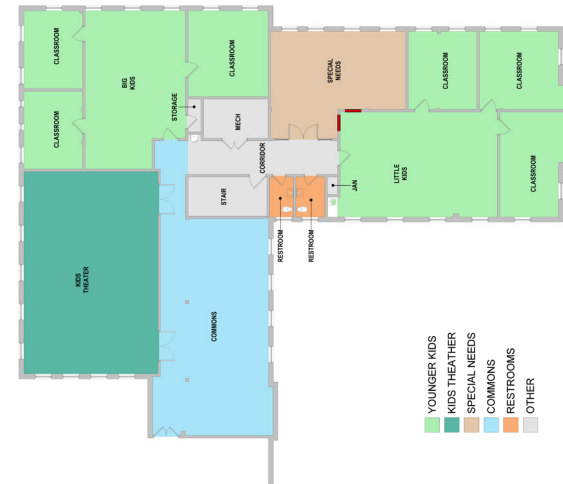

Growing Up involves creating
9 additional Children's Ministry Rooms for our elementary-aged kids along with a space and plan for our **Special Needs Ministry**.

85% of Christians in America make that decision to trust in Jesus Christ for salvation before the age of 14.
